It beats all how nicknames stick. The State Journal of last Monday made this special mention of a popular Wa-Keeney young man: "Mr. Bud Jones, a K. U. student, spent Saturday and Sunday with Washburn college friends."

Wa-Keeney has a few "eyesores." For instance there are the old wooden, man-trap, sidewalks south and east from the American House corner, and the zigzag, up and down walks and crossings elsewhere. Perhaps this may explain the prevalence of "pink-eye" in the town.

Some very commendable improvements are being made out in the Russell Oak neighborhood. C. L. Hardman is laying cement walks, O. A. Cortright is making some substantial additions and repairs about his home, and H. J. Hille is preparing to do likewise. By the way, some sidewalks leading in that direction would accommodate a good many people and be a credit to the city at large. Incidentally, it might help to keep the rent payers in better humor during the latter part of the month.

Last Saturday afternoon the base ball season opened on the home grounds. The teams contesting for honors were our High School boys against the Gove High school team. A large crowd was present and at 3:30 Umpire Heyl called the game. After several innings were played it was plain to be seen that the Goveites were no match for our boys and the score of 13 to 6 tells the tale. The Gove boys are all right and with a little more practice will put up a good game.

Little rays of sunshine, through the afternoon, make a fellow wonder whether it is June. Little frosts and freeze-ups, on the morning air, make him wish he hadn't changed his underwear. Little drops of Thermo, little gales of wind, bring our dreams of peaches to a sudden end. Not a drop of water from the wind-blown sky leaves the little wheat roots mighty high and dry. Little hikes of gravel, little gusts of sand make the western farmer think of selling land.

## Alcohol not needed

Ayer's Sarsaparilla is not a strong drink. As now made, there is not a drop of alcohol in it. It is a non-alcoholic tonic and alterative. Ask your own doctor about your taking this medicine for thin, impure blood. Follow his advice every time. He knows.

We publish our formulas  
We banish alcohol from our medicines  
We urge you to consult your doctor

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." Then ask him another question, "What do you think of Ayer's Pills for constipation?"

Made by the J. C. Ayer Co., Lowell, Mass.

## Letter to Verbeck & Lucas, Wa-Keeney, Kans.

Dear Sir: Messrs Leachman & Edelin, Grafton, W. Va., had been selling a paint, which they thought well of; and this had occurred.

They had sold a customer 18 gallons of it to paint his house. A few years later, they sold the same man Devoe lead-and-zinc, the same number of gallons to paint the same house. He had 7 gallons left.

The point of the tale is: 11 gallons of Devoe paints an 18-gallon house.

Of course, that isn't all. Why does 11 gallons Devoe go as far as 18 gallons of other paint? Because it is all paint, all true, no sham and full measure.

But that isn't all. Devoe lasts longer. No, no; you haven't got to wait ten years to find that out. Ten thousand people know it. We've got the names. Our agents know them; they think a heap of Devoe. There's no difficulty in snowing your townspeople what to expect of Devoe. \$10 will paint a \$15 house; and the paint'll last twice as long.

Yours truly,  
F. W. DEVOE & CO.  
New York, Chicago, Kansas City  
P. S. Verbeck & Lucas sell our paint.

Last Friday morning Joe Burdovsky committed suicide at the home of his uncle in the east part of town. The young man was despondent due to ill health which cause is attributed to the deed. He was buried from the Howe undertaking rooms the services being conducted by Rev. J. C. Everett. The friends and relatives have the sympathy of the community in this unfortunate affair.
